<b>Description of activities</b>	HoSt is one of the largest suppliers of bioenergy systems in Europe. The expertise of HoSt focuses on the technological development of the processing of biomass streams and the supply of systems for renewable energy from biomass. HoSt supplies anaerobic digesters for agriculture and industry, biogas upgrading systems, wood-fired boilers and combined heat and power plants, and fluidized-bed gasifiers.

<b>Other comments</b>						
<b>Expectations from Record Biomap, e.g.</b> - to find consortium partners for possible projects? - do you already know any funding call or other funding opportunities? - attend our planned workshops? - to find customers?	We are interested to find customers and/or agents for our gas upgrading systems
