Other comments	like production company can explain using of our zeolite product for biogas plant				
Expectations from Record Biomap, e.g. - to find consortium partners for possible projects? - do you already know any funding call or other funding opportunities? - attend our planned workshops? - to find customers?	- to make knowledge about use of natural clinoptilolite for biogas plants - to find some new partners for new projects by using and testing our product - to find customers - to collect fresh data from the research after finishing projects with zeolite use
