Description of activities	The Department of Chemical, Biological and Environmental Engineering (DEQBA) at I-JAB has several groups whose research is related to the biogas production and biogas upgrading. These groups have extensive research experience in national and international projects and high dissemination productivity. Please check http://www.uab.cat/web/department-of-chemical-biological-and-environmentalengineering-1225094722779.html for further information				
Range of activities (please tick)	<input type="checkbox"/>	<i>pre-treatment systems</i>	<input checked="" type="checkbox"/>	<i>digestion systems</i>	<input checked="" type="checkbox"/> <i>upgrading systems</i>
Type of company		Yes		No	
	<i>Technology supplier</i>				<input checked="" type="checkbox"/>
	<i>End-user</i>				<input checked="" type="checkbox"/>
	<i>Research unit</i>	<input checked="" type="checkbox"/>			
	<i>Consulting company</i>				<input checked="" type="checkbox"/>
	<i>Engineering company</i>				<input checked="" type="checkbox"/>
<i>Production company</i>				<input checked="" type="checkbox"/>	
Experience in research projects			<input checked="" type="checkbox"/>		
Other comments	GENOCOV research group established in 2009 a spin-off (www.aeristec.com) with expertise in consulting, engineering and technology supply in the biogas field amongst				
Expectations from Record Biomap, e.g. - to find consortium partners for possible projects? - do you already know any funding call or other funding opportunities? - attend our planned workshops? - to find customers?	Expectations from Record Biomap are related to expanding the collaborations with other research groups and companies thorough participation in workshops, conferences, courses as well as finding opportunities for funding and participation in international projects.
