Description of activities	<p>Our engineering capabilities are based on a team of professionals with many years of experience in the steam and gas turbine manufacturing industry . We bring together engineers, technologists, high skilled welders, technicians and experts in machining processes for the production. The company specializes in comprehensive production and providing services in delivering power turbine components and advanced metal processing. The company specializes in comprehensive production and providing services in delivering power turbine components and advanced metal processing and additionally our objective/product is to offer to farmers a device producing and processing agricultural biogas in a small or medium-sized farm i.e. to convert the waste into electrical and thermal energy qualified as RES (renewable energy source).</p>					
Range of activities (please tick)	<input type="checkbox"/>	<i>pre-treatment systems</i>	<input checked="" type="checkbox"/>	<i>digestion systems</i>	<input type="checkbox"/>	<i>upgrading systems</i>
Type of company	<i>Technology supplier</i>	Yes		No		
	<i>End-user</i>	<input checked="" type="checkbox"/>		<input type="checkbox"/>		
	<i>Research unit</i>	<input checked="" type="checkbox"/>		<input type="checkbox"/>		
	<i>Consulting company</i>	<input type="checkbox"/>		<input checked="" type="checkbox"/>		
	<i>Engineering company</i>	<input checked="" type="checkbox"/>		<input type="checkbox"/>		
	<i>Production company</i>	<input checked="" type="checkbox"/>		<input type="checkbox"/>		
Experience in research projects						
Other comments	Based on our skills and technology capabilities, we specialize in construction projects that require maintaining the highest engineering standards and very individual approach to the customer.					
Expectations from Record Biomap, e.g. - to find consortium partners for possible projects? - do you already know any funding call or other funding opportunities? - attend our planned workshops? - to find customers?	<p>Our cooperation offer is dedicated to all companies and potential clients related to waste to energy sector. In order to meet market expectations, we strive to build longterm and mutually rewarding relationship with our customers. Aware of the trust that our clients place in us, we pay special attention to make a cooperation with customer reliable, meaningful and attractive.</p>
